

LESSON PLANS

Easter Word Guessing Game

GRADE LEVEL	A1 - A2
CLIL SUBJECT	English Language Arts
OBJECTIVE	Students will develop vocabulary, communication, and teamwork skills by playing an Easter-themed word guessing game.
MATERIALS NEEDED	- Basket or container - Easter-themed word cards (examples provided below) - Whiteboard and markers (optional) - Timer or stopwatch
LESSON DURATION	50/ 60 minutes

LESSON PROCEDURE

1. INTRODUCTION (5 minutes)

- Begin by introducing the Easter-themed word guessing game to the students.
- Explain that they will be divided into two teams and take turns trying to make their teammates guess words related to Easter without saying the word itself.

2. TEAM DIVISION (5 minutes)

- Divide the class into two teams: Team A and Team B.
- Ensure each team has an equal number of students.

3. WORD CARD PREPARATION (10 minutes)

- Prepare Easter-themed word cards with words related to Easter. Here are some examples:
 - Bunny, Chocolate, Egg, Basket, Hunt, Spring, Chick, Flowers, Grass, Decorations
- Write each word on a separate card and place them in the basket.

4. GAME RULES EXPLANATION (5 minutes)

- Explain the rules of the game to the students:
- One student from Team A will pick a word card from the basket.
- Without saying the word on the card or using any part of the word, the student must try to make their teammates guess the word within a set time limit (e.g., 1 minute).
- Team A earns a point for each word correctly guessed within the time limit.
- Then, it's Team B's turn to pick a word card and try to make their teammates guess the word.

5. WORD GUESSING GAME (20-30 minutes)

- Start the game by having a student from Team A pick a word card from the basket.
- Set a timer for 1 minute, and the student begins giving clues to their teammates to guess the word.
- Encourage the student to use gestures, describe the word's attributes, or provide examples related to the word.
- Team A guesses the word. If they guess correctly within the time limit, they earn a point.
- Repeat the process with Team B.
- Continue alternating between teams until all word cards have been used or until the designated time for the game has elapsed.

6. DEBRIEF AND REFLECTION (5 minutes)

- Facilitate a brief discussion with the students about their experience playing the game.
- Ask students:
 1. What strategies did you use to help your teammates guess the word?
 2. What was challenging about giving clues without saying the word itself?
 3. Did your team work well together? Why or why not?

CLOSURE	• Wrap up the lesson by emphasising the importance of communication, teamwork, and vocabulary skills. • Thank the students for their participation and enthusiasm.
ASSESSMENT	• Teachers can observe students' active participation during the game. Are they engaged in giving clues and guessing words, or are they disengaged or distracted? • Teachers can assess students' communication skills as they give clues to their teammates. Are students able to effectively convey information without using the word itself? Are they using gestures, descriptions, or examples to help their teammates guess? • Teachers can observe how well students work together within their teams. Are students collaborating and supporting each other in guessing words? Are there any conflicts or challenges in teamwork that need to be addressed?
EXTENSION	• Have students work individually or in pairs to solve Easter-themed word scramble worksheets. They'll carefully examine each scrambled word, rearrange the letters to form the correct word, and reinforce their understanding of Easter-related vocabulary. • Encourage students to use the unscrambled words in sentences to reinforce their meanings.
